

NEWSLETTER No.22 – 10th, March 2009

The FIG AER-TC wish to notify our Member Federations of the following amendments made to the COP in order to clarify some points.

Amendments:

This Amended COP (version February 2009) will be available in the FIG Website for download from March 17, 2009.

“Balance turns elements” and “1/1 turn on free vertical split” have been upgraded by 0.1 point. New elements have been included in the last version of the COP.

- All Technical amendments will be valid from 2nd of March 2009.
- Only “Dress Code” amendment will be valid from 1st of May 2009.

English grammar corrected in all of COP & Appendix 1. Please download.

AEROBIC GYMNASTICS TC

Execution: Specific Errors for Execution: Page 71 of 82

- All jumps landing in 1 or 2 feet, touching the floor with any body part (hand(s), knee(s)) other than feet or foot will be considered as a FALL: deduction of -0.5.

Page 82 of 82: Add

- For Illusion and turns to vertical split, the foot is off the floor in the vertical split position. Deduction of -0.5.

Difficulty – Minimum Requirements: Page 82 of 82

Illusion Family: Add bullet

- The elements must be performed without extra turn (90° or more).

Elements in Vertical Split Position: Add

- The foot of the supported leg in the vertical split position, must stay in contact with the floor.

Reminder: If in a free support illusion, the competitor touches his/her supporting foot or leg during the illusion, this will be considered as “Illusion”.
